

### **Summer Social - Cycling Event**

For the first time the annual Southampton Property Association Summer Social event at Gins Farm on the Beaulieu River was combined with an afternoon cycle ride for the more active members.

19 cyclists of various levels of fitness attended and the vast majority completed the 20 mile off road route with appropriate refreshments stops on route at the Montague Arms and the Master Builders generously sponsored by Clydesdale and Simpson Hilder Associates.

The evening event saw 48 members enjoying a convivial evening of hot buffet and drinks in the unrivalled location of the Royal Yacht Club facility at Gins Farm overlooking the Beaulieu River.

The SPA are hoping to establish the cycling as an annual Property Association regular event in association with the now well established Summer Social.
